Dear Members of the Senate Transportation committee,

I just read the testimony provided by Corey Mock to the House Transportation committee. I think that this bill should be amended to have a dual distance requirement like enacted in South Dakota where the safe distance for vehicle speeds under 35 mph is 3 ft and over 35 mph is 6 ft. I think this makes a lot of sense and would make riding a bicycle even safer.

Please consider amending this bill to include this provision.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Glaeske". The signature is fluid and cursive, with the first name "Brian" being more prominent than the last name "Glaeske".
